Cloudberry jam – the arctic gold as they call it. It looks like golden raspberries, but taste much sweeter with a slight tart note.

It is brilliant in desserts, warm it up and serve with ice cream – or on waffles or pancakes for a luxorious twist. It is great in baking and dessert making: cloudberry pannacotta, cheesecake or sorbet can be absolutlely spectacular.

We also love it with our own västerbotten cheese if you are after a savoury option.

Cloudberries are almost impossible to cultivate making foraging the only viable option. The berries grow up in the arctic swamps so not all that easy to find - but when you do it is like you've struck gold...

Delicious, healthy and full of goodness, this Nordic cousin of the Cranberry is a versatile companion around the kitchen.

Bright red and very tart, it contains high levels of vitamin C and antioxidants, and some researchers say it is a bit of a super food.

We love its versatility: heat and stir with sugar for a delicious sauce for meatballs or game, turn it in to cordial or use it in baking.

Also known as Lingon or cowberry.

Leksands

Leksands bake genuine delicious Swedish crispbread in their family run bakery. Following only their own traditional family recipes, all their crispbread is made using rye with the Swedish Seal of Quality 'Svensk Sigill', fresh pure water from their own spring, yeast and a pinch of salt. The resulting crispbreads are versatile and delicious.

As the company continued to grow, production was concentrated on one variety, the popular and traditional large round crispbread cracker.

Danish Aalborg Jubileum Akvavit is an exclusive golden aquavit with flavours of dill and coriander

Introduced to celebrate the 100th anniversary of the Aalborg distillery, it is a perfect accompaniment to any meal.

Serve ice cold. In fact, best thing to do before your party is to put the aquavit in the freezer. Leave it there for a good few hours. Even better, chill your glasses in the fridge too.

This particular aquavit should be served in shots (all in one, m'dear) when you eat pickled herring.
